

Bethel University – Men's Hockey Assistant Coach

Responsibilities include but not limited to:

- Take special interest in the development both on and off the ice of each player. Player development is a top priority and candidates must display a desire to invest in the individual to meet their needs as college athletes while being a positive role model.
- Organize and manage recruiting database on a weekly basis.
- Assist in identifying and recruiting prospective student-athletes.
- Provide assistance with practice planning and implementation.
- In-game bench management. Specific roles will be given based off of each coach's strengths.
- Assist in team teaching and individual video sessions.
- Assist in special teams.

Qualifications:

- High level playing experience and/or coaching experience at the HS, junior or college level is preferred.
- Passionate about teaching the game.
- Willingness to learn and develop personally.
- Willing to invest and build relationships with players.

This is currently a stipend position. The assistant coach will have the opportunity to work with high level athletes while developing professionally as a coach.
