

Position Summary:

Support the Head Coach in all aspects of a professional hockey program, including player development, recruiting, game preparation, and day-to-day team operations to achieve competitive success and maintain league and organizational standards.

Key Responsibilities:

- Assist with on-ice coaching: practice planning, skill development, systems implementation, special teams (power play/penalty kill), and in-game adjustments.
- Scout opponents and prepare video and detailed reports for game planning.
- Lead player recruitment efforts: identify, evaluate, and communicate with prospective professional hockey players; coordinate player visits, and tryouts.
- Mentor players on personal development, professionalism, and adherence to team standards.
- Manage team logistics including travel coordination and scheduling.
- Conduct film breakdown, statistical analysis, and maintain player performance records.
- Represent the organization at community, sponsor, and fan engagement events; assist with fundraising and outreach initiatives.

Required Qualifications:

- Professional hockey playing experience or prior coaching experience in professional hockey, the SPHL, junior hockey, or other high-level leagues preferred.
- Strong knowledge of hockey systems, tactics, and player development techniques.
- Excellent communication, organization, and leadership skills.
- Knowledge of SPHL and professional hockey operations, player personnel management, and league regulations.
